

Calvin Myers

2025-2026 Indiana FFA

Southern Region Vice President

Bloomfield, IN
FFA Stats

- Bloomfield FFA Chapter
- SAE: Agricultural Mechanics & Repair Placement
- Favorite CDE/LDE: Welding

Calvin Myers first became involved in FFA because of his strong background within agriculture and his desire to grow his own and others' agricultural pursuits with the goal of one day returning home to run his family operation. Over time, his experiences in the organization have pushed him to grow in areas such as networking, communication, and professional skills that will continue to guide his future in agriculture.

"FFA has been more than an organization to me, it has been a home away from home. It is where I have been able to grow and flourish, but also where I have had the opportunity to help others reach their full potential. I have learned that perfection is impossible, but carrying a good attitude is always within reach," Myers shared.

Throughout their FFA journey, Calvin has had the opportunity to compete in contests, explore his agricultural career interest, and serve in leadership roles at the chapter, district, and state levels. These opportunities have not only allowed him to connect with members across the state, but have also strengthened his passion for agriculture, service, and leadership as he works toward his goal of owning and operating his own agricultural operation.

As a State Officer, Calvin hopes to inspire members to believe in themselves and discover the potential they never knew they had.

"My vision is to encourage every member to believe in themselves, embrace their journey, and chase their dreams because with hard work and the right attitude, they can accomplish more than they ever imagined."
